RESULTS AT SARATOGA

Ed Geers Drives the Harvester a Mile in 2:03 14 Yesterday.

CLEVELAND, Aug. 13.—Another world's record was broken at the Grand Circuit races at North Randall Park today. The Harvester, driven by Ed Geers, won the two heats of the 2:06 trot in 2:04 1-4 and two fastest heats ever trotted in a race by a stallion. Incidentally the Harvester clipped one second off his own record, equalled the stallion trotting record made by Crescenzo at the Brighton Beach track in 1902, and set a new mark for five year old trotting stallions in a race, in the second heat.

The stallion had such a big lead over Sonoma Girl, Wilkes Heart and Oro, that Geers did not extend him in the stretch. Had he done so, the Harvester would have eclipsed Crescenzo's record of 2:02 1-4, made against time at Columbus in 1902, which still stands as the stallion trotting record.

The final heat of the 2:17 trot, unfinished from yesterday, developed a pretty fight between Dovell and Butterbrook, each of whom had won two heats, until the three-quarter pole when Butterbrook broke and Dovell won without trouble.

Acting on instructions from Governor Harmon, Sheriff A. J. Hirstina and a corps of deputies raided the betting shed shortly after the races began. As far as making arrests were concerned the raid was ineffective, as the up had been given and the bookies disappeared.

Others, however, had not been warned and the sheriff found them standing patiently in long lines before the betting stands.

Protesting bitterly they were hustled out of the shed, a number of these disappointed bettors spent a fruitless evening hunting for the bookies with whom they made their wagers.

Summary:
2:12 pace, \$1,200, three in five: Peter Pan won, Colonel Forest, second; Sunny Jim, third. Best time, 2:05 3-4.

2:06 trot, sweepstake, \$1,000 added, two in three: Rosa K. Wilson, third. Best time, 2:03 3-4.

2:17 trot, purse \$1,000, three in five, concluded from yesterday: Dovell won, Butterbrook, second; Pearl Pauline, third. Best time, 2:10 1-4.

2:10 trot, purse \$1,000, two in three: Remorseful won, Miss Bartine, second. Best time, 2:05 3-4.

OTTAWAS WIN CHAMPIONSHIP
Take First Honors in the Annual Regatta of Amateur Oarsmen.

WASHINGTON, Aug. 13.—Winners a week ago of the senior eight-oared championship of Canada, the same eight Ottawas from Ottawa City today won the championship of all North America.

They took first honors in the thirty-fifth annual regatta of the national association of amateur oarsmen.

Scarcely less important in the eyes of the aquatic world was the victory of William Mehrhoff of the New York Nassaus, in the senior single sculls. His victory over Fred Shepherd of the Harlems of New York was measured by one second for the entire mile and a quarter course.

The race of the senior eight was an intermated event.
Two Canadian crews, the Ottawas and the Argonauts of Toronto were entered for the north and the Potomacs of Washington, the Vespers of Philadelphia, and the New York Athletics for the states. The American oarsmen were no match for their rivals from across the border.

The great contest was between the Ottawas and the Argonauts and as at St. Catharines last week, the former crew crossed the line less than a length ahead of the latter.

S. F. Gordon of the Vespers had the victory in the association single sculls for the seniors in his grasp all the way down the course.

There were nine rivals in the field.

FOLEY KIDNEY PILLS.
Tonic quality and action, quick in results. For headache, dizziness, nervousness, urinary irregularities and rheumatism. Bardon Pharmacy—A. R. McIntyre, Prop.

GRAVES WINS MOTOR RACE.
PHILADELPHIA, Aug. 13.—W. J. Graves, on a Merkel, won the ten-mile championship motor cycle race today at Point Breeze park. Time, 1:26.25. Irving Baker, riding an Indian cycle, and Walter Goerke, also on an Indian, was third.

THOMPSON IS CHAMPION.
CHICAGO, Aug. 13.—F. C. Thompson of Los Angeles today won the world's amateur athletic championship in the annual tournament here. His score was 6,991. His nearest competitor, John H. Gillis of Vancouver, scored 6,909.

UTAH LIGHT'S NEW POWER LINE

SALT LAKE, Aug. 13.—Announcement is made at the office of the Utah Light & Railway company, that this company intends in the near future to extend its distributing system in Davis county, for the purpose of developing an electric lighting and power market in the rapidly growing towns and territory between Salt Lake City and Ogden. The company's plans for consummating this end are very extensive and include the erection of a steel tower transmission line between Salt Lake and Ogden. This additional transmission line is required in order to transmit the increased amount of power which the company receives from the north, as a result of the installation of its mammoth new plant at Devil's Gate and the enlargement and improvement of its pioneer plant at Ogden.

The present transmission line between Salt Lake and Ogden, which was built fourteen years ago, has been completely outgrown, and the company's rapidly increasing business. At the time it was constructed, this transmission line was considered to be the best of its kind in this territory. Some idea may be gained of the rapid progress of the electrical industry by the fact that the type of construction used on this line is as far behind the present construction as the horse car is behind the trolley.

Material for the new transmission line has all been ordered and much of it is now ready for shipment. This predecessor, will represent the most advanced state of the art, and while it is impossible to anticipate what other improvements will be made, it will undoubtedly go into the scrap heap with the rest in a few years.

Chicago, Aug. 13.—Medium time marked the efforts of the participants in the annual all-around championship contests of the Amateur Athletic union on Marshall field here today, in the opening event, the 100-yard dash.

Six entrants failed to appear when the opening gun was fired. The race was a relay. White, the colored runner of the University of Pennsylvania won. Quarenstrom of Sioux City second, and T. C. Thompson of Los Angeles third. White's time of 10:25 seconds gave him 874 points for the day.

J. Carroll of Illinois arrived in time for the second event, the shot-put, making fifteen contestants.

It was announced that H. W. Fitzpatrick of New Orleans had refused to compete because W. C. White of the University of Pennsylvania, a negro, was a contestant.

Dysentery is a dangerous disease, but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by all dealers.

SALT LAKE, Aug. 13.—Stepping in front of an eastbound O. S. L. depot car, No. 420, at the intersection of First West and Second South streets a man who is believed to be J. B. Parks of St. John, Kan., was struck by the car and seriously injured Friday night. He was carried to the hospital by drug store and later removed to the emergency hospital. Police Surgeon H. B. Sprague made an examination of the man's injuries and ordered his removal to the Groves L. D. S. hospital, where he was reported as resting easily this morning.

Parks was walking south on First West street, and the car, in charge of Conductor C. W. Prosser and Motor-man A. B. Brown, was moving eastward on Second South street. Motor-man Brown saw Parks approaching the track, and, after sounding the gong, applied the brakes. Parks stepped close to the car and then stopped. Just as the car started onward Parks, for some unknown reason, stepped in front of it and was struck to the ground. He received severe bruises about the face and head and is believed to be suffering from internal injuries.

Those in attendance at the hospital attempted to get the name of the man, but were unsuccessful, owing to the patient's condition.

JOHNSON TALKS OF RENO FIGHT
New York, Aug. 13.—Jack Johnson has canceled his European engagements and will stick around the United States for 30 weeks more. The champion signed a contract with a big theatrical company last week for 30 weeks at \$3,000 a week, thinking it a better offer than he had from the other side. He had already agreed to do Dublin, Paris, London, Vienna and a few more villages, but upon second thought took the offer for a tour of the United States, and forfeited \$5,000 to the agents on the other side of the pond.

"I had some great offers from the other side," said Jack last night, "and I would like very much to go over there, but right here I'm more at home, and thought the \$90,000 that that tour was a bear of an offer. I want to get some of these great automobile drivers from this side in a few contests, and then if I cop the title on this side I'll go over and clean those birds up on the other side."

"There's liable to be some fighting here now, too, I understand, and if I get a hurry call from Reno I want to be right on the job so that no boat can break down. I see that Jeff is out again for me; at least Berger, Corbett and Chovynski are leading the people to believe so, and they say that won't be the smoke there's fire, and I'm the fly in the ointment."

"I don't think it's right to say that Jeffries quit the way a great many writers have written. He was in great shape, there's no doubt about it. He fought hard and fought as game a fight as any man ever did. I was the better man, that's all there is to it. He fought until nature refused to respond, and just was beaten, that's all. When he got that first left on the jaw he was pretty weak, believe me. I think if I landed that punch in the first round, that he might have jumped up and fought like a bear, but I didn't; do you get me? I didn't land right until I had him pretty weak, and of course it looked as though he sat down, and was satisfied that he had enough. No, he didn't quit. He's a big fellow, and he took a lot of the gaff. He didn't show it much, I know, but he was getting it good."

"Of course, if he thinks that he was wrong in any way, or was doped, I'm satisfied to give him the first chance at a title and bet him as much as he likes on the side. I won't consider another fighter in the world if Jeffries wants the next go. I have not heard directly from him, but from the newspapers I learn that he is dissatisfied and might try again."

"Any little bit of business has to make I will cover quite cheerfully."

"You fellows have been diting a lot about that fake stuff, too, but take it from me that I never was to be a fake. I was offered money by people I've been offered money in lots of fights to lay down, but fighting is my business, and as long as I think I am the best man, believe me, I'm going to try."

"I suppose that after I leave New York Mr. Woodman will start yelling about Langford again. He was up to me the other day and I pulled out \$20,000 to bet him that I could beat Langford. Did he cover it? Not so that it was visible to the naked eye, as Sam Pruit used to say. I called him cold, and he didn't let a peep out. He has been saying that he has that amount to bet, but I haven't seen it as yet. I am sure that he does get it. I'll be tickled to death. I gave Langford a licking up in Boston that he won't forget for many a day, and I guess Mr. Woodman remembers it, too. That big bet talk has been only for the stage. That does not go on the outside, take it from me."

"Well, I got a date to race a wire-less message up Riverside drive. S'long."

DAVIS TOMATO CANNERIES BEGIN SEASON'S WORK.
Kaysville, Aug. 12.—The tomato canneries throughout Davis county will commence operations for this season today and the prospects for a bumper crop of the product this year are bright. The fact that the crop of tomatoes in Davis county is ripening about two weeks ahead of the usual time is looked upon by the growers and packers as an indication of a phenomenal yield per acre. Usually the crop is affected by the early fall frosts in ripening. The damage of frost this year is eliminated, as the fruit will all be gathered before the nights become cold enough to do any damage. From the start of the canning there will be three weeks of ripening weather. The crop is in excellent condition. The canneries are paying the farmers \$10 per ton for the tomatoes, \$2 per ton more than formerly.

MINERS' UNION ELECTION.
Park City, Aug. 12.—At a special meeting of the local Miners' union last night Pat McInyre was elected to succeed Jerry Shee as financial secretary of the union, and Theodore Neimuth was elected a trustee to succeed the late Bart McDonald. Mr. Shee, at the recent convention of miners in Denver, was made a member of the executive board of the national organization, and will have as territory the mining districts of Utah, Colorado and New Mexico. The meeting was the largest attended union meeting held in this city since 1905, when unionism locally was at its height.

IOWANS LIK EGUNNISON VALLEY
Ephraim, Aug. 12.—Messrs. Fremont Barnes and W. B. Hart of Underwood, Ia., and the Gunnison valley to look up the real estate in that section. Mr. Barnes already owns a tract of the Parker farm, which he intends to occupy next Jan. Both of these gentlemen are highly pleased with the appearance of the Gunnison valley.

SAYS WIFE ABHORRED SIGHT OF BATH TUB
Salt Lake, Aug. 13.—Judging from the evidence produced at the hearing of the divorce case of Albert Bellman against Esther Bellman in District Judge Armstrong's court on Friday, Bellman should have been satisfied that his wife did desert him. He testified that she was uncleanly in her habits, and that she did not take a bath for six months at a time. Bellman was given a divorce on the ground of desertion.
